## Acting Like a Good Friend

There are certain ways we show we are a good friend. If we make others feel good and treat them as we want to be treated, we can make great friendships! It's important to know if you are treating others well and if they are being a good friend in return.

What were two ways Bobby did not act like a good friend?

How does Liz feel when she is around Bobby?

What can happen if we don't act like a good friend?
