Why It's Fun to Play with Others

Friends can make us feel better, give us confidence, and help us in lots of ways. In order to make and keep friends, we need to follow the golden rules from the video!

Andrew thought about Chris to figure out what they had in common.
What activity did they both like to do?

Andrew wasn't quite sure how to play Knockout. How did he use his eyes to figure out how to join in?

How was Andrew flexible when his friends wanted to stop the game?
How do you think this made them feel?

EXPLAIN EACH GOLDEN RULE IN YOUR OWN WORDS WITH EXAMPLES
