Working in Groups

It's important to work together in a group or else the group won't accomplish their goals. It's not about what one person wants, its more important to think of what's best for the whole group.

How did the group decide what topic to work on?

How did they divide up roles for the project?

List some ways they worked together as a team.

WRITE WHAT YOU SHOULD DO IN EACH SITUATION TO WORK WITH THE GROUP

The group wants to meet after school on Tuesday to work on the project but you have to babysit.

1.

Kayla really wants to type up the paper but you do too. You both want the same job.

2.

The group wants you to be the project leader but you don't feel comfortable.
