EVERYDAY SPEECH

Solving a Problem

There are steps we can take when solving a problem that will help us. Remember: small problems we can handle ourselves pretty quickly, but big problems need the help of someone else.

What was Mike's problem?

Was his problem big or small? How do you know?

What were three steps he took to solve it?

PUT THE FOLLOWING PROBLEM SOLVING STEPS IN ORDER

Decide if it is a big or small problem

Observe if you have solved the problem

Identify the problem

Pick the best solution

Think of three solutions

REVIEW

On the back of this worksheet write out how you would solve this problem: Your parents just bought you a new video game but your brother scratched it.
