## THINKING ABOUT OTHERS AROUND YOU

When we are in the same space as other people we need to think about them. We might have to change our behavior. Observe others around you to see how they are acting.

1. What behavior did Devin need to change?
2. What were clues that Julie and Christine were giving Devin that should have told him he was bothering them?
3. How did the girls feel about Devin before he changed his behavior and after he changed his behavior?

### DISCUSS HOW YOU WOULD CHANGE THE BEHAVIOR IN EACH SITUATION

Mike is watching videos loudly on his phone in the library.

Stella spreads her school things across two tables at Starbucks.

Evan is coughing next to Drew. Evan does not cover his mouth.
