CONDESCENDING TONE OF VOICE

The way our voice sounds can change the message that others receive. If we use a condescending tone, it can make others feel bad. Practice using different tones below.

Repeat each phrase in two different tones of voice, first in a condescending tone, and again; in an everyday tone. Write how each would make others feel or a time it would be okay to use either tone of voice.

1. I know a lot about baseball.

2. I've read every book in the series.

3. That's a cool idea.

4. That test was so easy!

5. Who would want to see that movie?

6. My older brother knows everything about karate.

7. That new video game is not fun at all.

8. I think summer is the best season.

9. My favorite books are in the mystery genre.

10. I bet I'll finish this quickly.
