# EVERYDAY SPEECH

## Keeping Personal Space

Personal space is the space we all like to have around us. When we talk to people, we shouldn't stand too close or too far away.

What did Johnny do?

How did it make Owen feel?

How would you feel if someone invaded your personal space? What would you do?

**ROLE PLAY EACH SITUATION BELOW. HOW WOULD THESE ACTIONS MAKE OTHERS FEEL?**

1. You stand too close to a peer when talking.

2. You stand too far away from a peer when talking.

3. Show the expected amount of space when talking to a peer.
