EVERYDAY SPEECH

Tone of Voice

Tone of voice means the way people sound when they talk. This can change the meaning of what they say. Even if they say the same words!

Why was Serena confused?

Was Chris excited to watch the movie?

Explain how Chris's tone of voice didn't match his message.

READ EACH STATEMENT WITH 2 DIFFERENT TONES OF VOICE. TELL HOW THE MEANING CHANGES.

I love math. I can't wait to go to class.

This weather is great.

I think this is going to cost \$2000.
