EVERYDAY SPEECH

Leaving Others Out

Getting left out of a group does not feel good. Have you ever been left out? How did it feel? You probably don't want to make others feel that way.

What happened to make Serena feel left out?

How did it make her feel?

How did Alessandra make sure Serena was included?

HOW CAN YOU MAKE SURE NO ONE GETS LEFT OUT

1. A friend invites everyone at the lunch table over their house but one girl

2. You ask two of the three people around you to work on the group project

3. Your teacher says Mark and Phil did great in the school concert but Jill also played in it
