EVERYDAY SPEECH

Making Connected Comments

Conversations are usually on one topic at a time. All of the comments should fit together like a puzzle piece. If we don't match our comments to the topic, it can make others feel confused.

What was Kate talking to Mike about at first?

What did Mike keep bringing up instead?

Did Mike's comments match the conversation topic?

How did he make Kate feel?

UNDER EACH COMMENT WRITE A NEW COMMENT THAT MATCHES THE TOPIC
