# EVERYDAY SPEECH

## Dealing with Teasing

Teasing can happen to all of us. Think about how Mike handled being teased in this video. Could you use some of the strategies that he did? Every situation is different so think about if you need to tell an adult, handle it yourself, or just ignore it.

How was Robbie teasing Mike?

What are three ways the video taught to handle teasing?

Which way do you think would work for you?

### WRITE HOW YOU WOULD HANDLE EACH SITUATION BELOW

A friend teases you about your outfit one day

A student in your class teases you every day and now you don't want to come to school

Someone you don't know teased you in the hall
