## MODELING – VOICE VOLUME

1. When we talk to friends, how loud should our voice sound?
  
  
  
  
  
  
  
  
  
  
2. How would someone feel if we talked too quietly?
  
  
  
  
  
  
  
  
  
  
3. What might someone think if we are talking too loudly?

### **REVIEW**

Richie raised his hand to answer a question in class. When his teacher called on him, he shouted the answer. What will his teacher say?
