Everyday Speech

Think it or Say it-Use your Filter!

If we say all of our thoughts out loud, we can hurt other people's feelings. We can use a filter to keep in thoughts we should only think and let out the thoughts we can say.

THINK IT

SAY IT

CUT OUT EACH ITEM AND PLACE THEM IN A CATEGORY, OR WRITE THEM IN.

Can you be quiet please. I can't hear.	You need to be quiet.	We had an interesting day today.	Today is my birthday.	This is burnt.	I am pretty tired. I should go to bed.
I don't like your shirt.	You are not my friend.	I'm allergic to that food.	I have a lot of money.	I'm really full. No thank you.	This is so boring!
