## STAYING ON TOPIC

When we are having conversations, it is important to stay on topic so people do not get confused. This means you both talk about the same thing.

Draw an arrow to match a box on the left with a box on the right.

### TOPIC

"I love going to the water park in the summer time!"

"I really don't like desserts that much."

"I didn't do very well on my science test."

"I'm really tired today."

"Dogs are my favorite animals."

### COMMENT

"I'm sorry to hear that. Can I help you study next time?"

"Me too. I stayed up way too late last night."

"I really like cats. I have two cats at home."

"Me too! I love the water slides."

"I love them! My mom makes the best brownies."
