# Everyday Speech

## ACTIVITIES

### Conversation Stoplight: Zoom Edition

We can use the Conversation Stoplight to help us know when it's our turn to talk on Zoom. Red light means we stay muted. Green light means we can unmute and take a turn talking!

#### Red Light - Mute

#### Green Light - Unmute

**Cut out each item and place them in a category, or write them in.**

Your teacher calls on you	There is a pause in the conversation	Your teacher asks the class a question	Your classmate is talking	Someone else unmutes before you can	Your teacher is teaching a lesson
The directions are to work quietly	You have a question	The class is watching a video	Class is over. Others are saying 'bye'	You've already had a few turns to talk	A friend asks how your weekend was
