# Cyber Skills

Cyber Skills are the rules and etiquette we follow when communicating with others online. Using our phones and social media can be fun but it's also a big responsibility. Here are some of the strategies and tools we can use:

## Conversation Share

We wait for a response and share the conversation 50/50 with others.

## Time and Place

There is a time and place for messaging, texting, or sharing something.

## Stay Safe

Only "friend" people you know, keep social media pages private, and don't tag your location in posts.
